Application No.:

REMARKS

Claims 3-8 are currently pending in this application. Claims 1 and 2 have been

cancelled and claims 3, 4, and 6 have been amended into independent form to include

each of the elements of their respective independent claim. The scope of claims 3, 4,

and 6 has not been changed.

No new matter is added to the application by this amendment.

COMMUNICATION WITH EXAMINER

During a May 19, 2004 telephone communication between Examiner Graham

and Ruy Garcia-Zamor the status of claims 3-8 were discussed. Examiner Graham

stated that claims 3-8 were not rejected over prior art because they would be allowable

once the non-statutory double patenting rejections were overcome. Applicants thank

Examiner Graham for the courtesies extended during the telephone communication.

NON-STATUTORY DOUBLE PATENTING REJECTIONS

Claims 1-8 have been rejected based on obviousness-type double patenting based

on a prior patent and have been provisionally rejected based on obviousness-type

double patenting based on copending applications. Applicants respectfully submit that

the rejections of claims 1 and 2 are most due to cancellation of those claims. Enclosed
